About us

BLUE WATER WORKS EAST AFRICA has been established as a general construction company which specializes in swimming pools and plumbing. Swimming pool treatment, construction, repair and water maintenance is one of our primary engagements

Plumbing- a system that conveys fluids and gases for a wide range of applications, heating and cooling, waste removal, and potable water delivery are among the most common services for our clients which also comes in handy for our primary business-swimming pools

Our Plumbing services utilizes pipes, valves, plumbing fixtures, tanks, boilermakers and other apparatuses to convey and store fluids and gases. Our traditional business model is based on the accomplishment of properties in the real estate markets in Kenya.
